The 3rd Iran International Transaction Exhibition was held in November last year, where the establishment of a special television team at the exhibition site gave participants and visitors an opportunity to present their views on the most important banking and payment industry issues to get notified about this event.

FABANEWS: during the ITE 2017 and after it, various clips of opening ceremonies, closing, seminars, meetings and workshops and exhibitions at the event were produced and published in the media related to the exhibition.

Watch one of those clips [here](#).
